EARNING OUTCOMES

Earning outcomes are defined as the median annual earnings of individuals who received federal financial aid during their studies and completed an award in this field of study. To be included in the median earnings calculation, the individuals needed to be working and not enrolled in school during the year when earnings are measured. Median earnings are measured in the third full year after the student completed their award. THIS DOCUMENT DOES NOT GUARANTEE EMPLOYMENT OR A CERTAIN SALARY RANGE, MEDIAN ANNUAL EARNINGS SHOWN MAY NOT REPRESENT ENTRY LEVEL EARNINGS.

INFORMATION SOURCES

Certain information, such as earnings outcomes, can be different depending on where you plan to live and your individual situation and experience.

Total program costs is the total tuition, fees and average estimated textbook and equipment expense for a student attending full-time who takes and passes every course currently required by the program at a single time at Chamberlain 2022-2023 tuition rates.

Median tuition, books and fees paid is the median amount paid to Chamberlain by students who graduated from this program in the 2020-2021 academic year. This amount is different than the total program costs and may be different for each student because students may transfer credits from other colleges, repeat courses that are not passed the first time or choose this program after first choosing other programs at Chamberlain.

Median total debt is the median total debt (federal, private and institutional loans) of students who completed this program in the 2020-2021 academic year.

The median earnings two years after graduation is calculated or compiled and reported by the U.S. Department of Education as part of the College Scorecard available at: <https://collegescorecard.ed.gov>. THIS DOCUMENT DOES NOT GUARANTEE EMPLOYMENT OR A CERTAIN SALARY RANGE, MEDIAN ANNUAL EARNINGS SHOWN MAY NOT REPRESENT ENTRY LEVEL EARNINGS.

Completion rate is the percentage of students entering this program for the first time during an academic year who completed the program within the published program length.

The loan default rate for the program is calculated by the institution and is based on the program of study for which the student was last enrolled before entering repayment. The default rate measures the percentage of students entering repayment in the year ending 9/30/2019 who defaulted on their loans within three (3) years.

Loan default rate is the percentage of borrowers entering repayment in the year ending 9/30/2019 who defaulted on their loans within three (3) years. The rate is provided by the U.S. Department of Education and can be found at <http://www2.ed.gov/offices/OSFAP/defaultmanagement/cdr.html>.

Overall pass rate for the 2019-2021 calendar years is the number of candidates from all programs who passed (including repeat attempts) the ANCC or AANP FNP exam divided by the total number of candidates who graduated and attempted the ANCC plus the candidates who attempted the AANP exam.

Licensure pass rates are provided by state licensing regulatory bodies to the institution. Where appropriate, state results are aggregated to produce a national average for the institution. Public availability of the testing results varies by profession and state.
