July 12, 2022

Karen Cox, PhD, President  
Chamberlain University  
500 W. Monroe Street, Suite 28  
Chicago, IL 60661

Dear Dr. Cox,

Congratulations! The Delaware Department of Education has reviewed your application for renewal of your school's operating license in the State of Delaware. It has been determined that Chamberlain University meets the current requirements for renewal of approval and has been granted an extension of its operating license through the State of Delaware. This approval allows Chamberlain University to continue to offer courses, programs and/or degrees to Delaware residents. The operating license is in effect until August 31, 2027 contingent upon continued accreditation by The Higher Learning Commission and degree granting authority by the State of Illinois.

It is the responsibility of Chamberlain University to adhere to Delaware laws and regulations. Additional approvals and submissions may be required for programs intended for licensure. Any questions regarding additional requirements may be submitted to [IHE@doe.k12.de.us](mailto:IHE@doe.k12.de.us).

Chamberlain University is required to submit any renewals or changes to national, regional, or state accreditation to the Delaware Department of Education as part of the process towards maintaining its authority to confer academic and honorary degrees (14 *DE Admin. C.* 292). Chamberlain University may be required to submit key annual evaluation documents relative to the school's program offerings upon request.

If you have any further questions or concerns, please contact our IHE approvals team at [ihe@doe.k12.de.us](mailto:ihe@doe.k12.de.us). Attached to this letter is a summary of the approval status and list of approved programs for your records.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark A. Holodick", written in a cursive style.

Mark A. Holodick, Ed.D.  
Secretary of Education
